Give your tired, sore muscles the gift of daily, hands-free massage therapy with PurePulse™ Pro from Pure Enrichment. Our powerful, clinically proven, pocket-sized electronic pulse massager provides the same office-quality muscle and joint pain therapy you would expect from your doctor, physical therapist or chiropractor—but in the comfort of your home. This natural, drug-free solution is easy to use to treat persistent pain in your shoulders, neck, back, waist, legs, arms, and more.

- Boosts Workout Recovery Time: Help your tired muscles recover more quickly with regular post-workout TENS treatment sessions.
- Temporarily Relieves Muscle Tension Caused by Stress or Deskbound Tasks: Both stress and sitting at a desk for up to 8 hours a day can cause muscle tension in the shoulders and back. Daily treatment sessions with PurePulse are an ideal way to relax your muscles and release the stress of the day.
- Provides Temporary All-Natural Relief for Chronic Pain: Daily treatment using an electronic pulse massager offers a safer alternative to pain medication for those living with chronic body pain.
- Two Channel Modes: Treat 2 different areas simultaneously using different intensity settings.
- Built-In Treatment Timer: Shuts off automatically after 5-60 minutes of continuous treatment, depending on which setting you choose.

PurePulse Pro is backed by Pure Enrichment's industry-leading 2-Year Warranty so your satisfaction is 100% guaranteed.
