WHAT DO OUR CLIENTS SAY?

"We have used the PUMA system for a year and a half and it has been a crucial part of our growth. We increased the number of appointments in a month from 300 to over 500 and have relied on PUMA to maintain the same level of care. Everything flows smoothly and efficiently from the front end to the back end and our busy office wouldnt be able to function with out it"

NANNETTE BENEDICT, DDS
SCOTTS VALLEY DENTAL
SCOTTS VALLEY, CA

"The PUMA paging system is an invaluable addition to our office. There simply isn't any other paging solution available that offers the same level of customization, ease of use and technology. PUMA makes our entire office run more efficiently and saves us valuable time every day"

JENNY APEKIAN, DDS
MIDTOWN DENTAL
SACRAMENTO, CA

NETIPDENTAL

HANDLE MORE APPOINTMENTS WITH LESS HEADACHES.

We mean it. Full control at your fingertips. PUMA will be your personalized one stop control panel for patient files, messages, audio, lighting per room/sector, paging, and more.

DON'T LET YOUR OFFICE CONTROLS BE HARDER TO REACH THAN A MOLAR

With iOS compatibility, you can easily access PUMA mid-op safely. Just think of the savings in PPE alone!
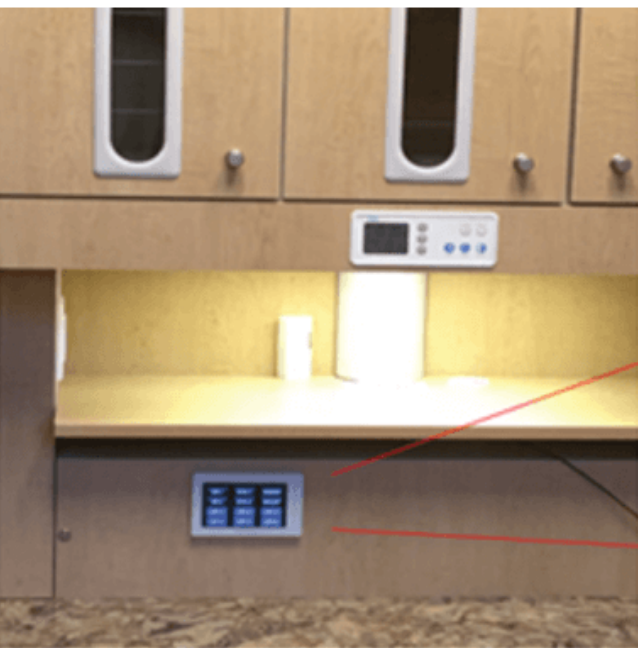

EASY TO INSTALL
EASY TO LEARN

During installation, a NETIPDENTAL technician will personalize your PUMA system to handle the specific needs of your office.

P.U.M.A'S INTERFACE IS BUILT TO BE INTUITIVE

...and our technicians will be there train you on it until you are *totally* comfortable. No need to waste time reading *wildly exciting* dental office infrastructure manuals.

Additionally, NETIPDENTAL offers 24/7 phone support and can solve problems with remote access to your system.
