The convenient PureDry™ Elite eliminates damp air and unwanted moisture in small spaces to mid-sized rooms, such as closets, home offices, RVs, campers, storage spaces, bedrooms, bathrooms, and living rooms up to 300 square feet. Enjoy year-round protection from moisture-based irritants and structural damage for a healthier environment and additional comfort. The easy-to-use PureDry Elite removes 20 oz. (600 mL) of moisture from the air per day and includes an extra large, removable 2-liter water tank for around-the-clock relief. Choose from 2 different speeds, as well as 3 separate timer settings, with the additional option of running the dehumidifier until the water tank is full. A red LED indicator light turns on when it's time to remove and drain the water tank, while its whisper-quiet technology allows the unit to operate in bedrooms, offices, and nurseries without disturbance. The retractable handle maximizes portability for room-to-room dehumidification, while the sleek design and stylish matte finish allows the unit to effortlessly blend in with any decor.

- **Advanced Humidity Control:** Protect your workspace or living room from up to 600 mL of moisture per day
- **Removable XL Water Tank:** Makes emptying and cleaning the unit a breeze
- **Simple to Program:** Easily choose between 2 speeds and various timer settings using the touch-button controls
- **Whisper Quiet:** This unit operates silently in the background of offices, nurseries, classrooms, and can operate silently enough to dehumidify overnight in any bedroom, so you can work, sleep, and go about your day without any disturbance
- **Automatic Shut Off:** Choose from 4, 8, or 12 hours of timed operation, or let it run until the tank is full
- **Retractable Handle:** Easily move your dehumidifier from room to room to combat moisture wherever needed
